Ceredigion Local Well-being Plan 2023-28: Delivery Framework		<i>Discussion and Agreement</i>
Crynodeb o'r Materion / Summary of Issues		
<p>At the last meeting held on 4th December 2023, members were informed of the conclusions and proposals stemming from a series of workshops previously held to prioritise our medium-term Well-being priorities.</p> <p>Alongside the priorities, several recommendations based on feedback from the workshops were also proposed and accepted which outlined measures that the PSB would adopt to further enhance or improve on its delivery. In summary these were:</p> <ul style="list-style-type: none"> • Communications and Marketing – A stronger focus on this would help the public be more aware of the wide range of initiatives that were being conducted. • The positive influence when Co-Production Network for Wales representatives are present at delivery sub-group meetings. Co-Pro now attend all sub-group meetings. • Quarterly PSB meetings to include 'Spotlight Sessions' focused on a particular WB Objective. • Structure – The Board confirmed the retention of the three main sub-groups for the present time, and agreed to review these arrangements annually. • Review of TORs and membership of sub-groups to reflect new priority activity. • PSB will strive to leverage the use of interactive software and technology across meetings and workshops. • We will explore the concept of a Youth PSB or further strengthen Youth engagement. <p>The above principles have been incorporated into and form part of the delivery strategy detailed in the draft Plan.</p> <p>The attached draft Delivery Plan details the approach now proposed to enable output in these priority areas, details of the governance, structure</p>		

and reporting arrangements.

It also includes an action tracker which will be regularly reviewed, so that specific actions relating to delivery around the priorities can be highlighted and continually examined.

Goblygiadau Ariannol / Financial Implications

/

Argymhellion / Recommendations

That this draft Delivery Plan is adopted and it will be reviewed in 2 years, and that the delivery structure will be subject of an annual review.
